

# 01/LO-FI PIANO ABLETON RACK

## Editing Tools:

- **Sample Selector** > Switch between key mapped one shots on the fly, playable across the keyboard.
- **Filter** > A 12-db low pass filter run through the analogue inspired PRD circuit. Use with the Intensity control to add warmth to your sound.
- **Intensity** > Add drive, frequency modulation and pitch envelope to crank the intensity.
- **Pluck** > Add some bite to your sound with some filter resonance and filter envelope. Use this control alongside the Filter for maximal sonic effect.
- **ADS** > Use the Attack, Decay & Sustain parameters to take control of your transients.
- **Slide** > Add some portamento to your sound with our simple Slide control. Great for basses and leads in almost every genre.

## Processing Tools:

- **HPF/LPF** > Use these clean 2-pole filters to clear up your sound.
- **Clarity** > Dial in some Clarity using this hand-made EQ and saturation rack.
- **Excite** > Add a touch of sparkle and detail to your sound with this easy to use Exciter module.
- **Vapour** > A combination of reverb and high-pass filter transform sounds into a fine high-end 'mist'.
- **Delay** > Add some tripped out delay with our techno inspired delay line.
- **Glucose** > Subtly squash and squeeze your sound together with our Glucose rack featuring 4 compression units.

\*\*\*Please note: Ableton Live 9.7.5 or later is required to run the Ableton racks. These racks are compatible with Ableton Live Standard and Suite editions and forward-compatible with Ableton 10. The Instrument Racks and Instrument FX Racks are found in the one shot folders.
