

01/Synth-Pop Melodics

Ableton 9 Instrument Rack

New and exclusive to this release we've curated 101 one shots into bespoke bass, chord and synth instrument racks for Ableton 9.7.7. Push-ready and compatible with Ableton Standard and Suite, our instruments come complete with multiple FX patches to distort, carve and process your melodics to perfectly complement your next synth-pop production.

Editing Tools

Description

Sample Select	Switch between one shots on the fly, key mapped and playable from C-2 to G8.
Filter	A 12-db low pass filter run to soften and clean your sound.
Intensity	Crank intensity and transform your sound. Adds drive, FM, spread, vibrato and pitch envelope.
Pluck	Add some bite to your sound with some filter resonance and filter envelope. Use with the Filter for maximum effect.
Slide	Add some portamento to your sound with our simple Slide control. Great for bass lines and lead synths.
ADS Controls	Take control of your transients with Attack, Decay, Sustain and Release. The Decay parameter affects the Pluck control.

Processing Tools

Description

EV Filter	Add some movement and pluck with our Envelope filter rack to shape and contort your sound.
Dirt	Add warmth and saturation with our advanced distortion rack.
Excite	Add a touch of sparkle and detail to your sound with Excite.
Clarity	Dial in some Clarity using this bespoke EQ and saturation rack, based on classic tube EQs.
Deep Chorus	Stack 4 custom chorus modules to add width and classic chorus tone.
Lexicon	Based on a timeless classic, add instant dark hall reverb to your sound. EQ'd to work perfectly on basses and leads.
Glucose	Squash, squeeze and beef up your sound with our Glucose compression module.

Please note: The above racks require Ableton Live 9.7.7 or newer. These racks are compatible with Ableton Live 9 Standard and Suite. The fx racks can be found in the "ableton fx patches" folder. The adg instrument files are found in the Instrument Rack Project folders.
