

Ambient Textures

Ableton 9, Reason 10 and Logic Pro X Instruments

Load up our racks and instantly create ambient pads with our Ableton, Logic and Reason melodic instrument. Packed with modern takes on classic FX, these racks allow you to switch between 7 melodic one shots on the fly and instantly add mood and ambience to your production. Details below.

Editing Tools

Sample Select	Switch between key mapped one shots on the fly, playable across the keyboard In Reason & Logic: Sample switch via MIDI velocity 1 to 7
Filter	A 12-db low pass filter run to soften and clean your sound.
Intensity	Crank intensity and transform your sound. Add PRD circuit filter drive, stereo width and pitch warble (Ableton only).
Pluck	Add some bite to your sound with some filter resonance and filter envelope. Use with the Filter for maximum effect. (Reason & Logic only).
Slide	Add some portamento to your sound with our simple Slide control.
Sample Start	Capture perfection. Adjust the starting point of the sample. (Ableton only)
ADSR Controls	Take control of your transients with Attack, Decay, Sustain and Release.

Processing Tools

Deepen	Dial in and add an extra dimension to your low end
Excite	Add a touch of sparkle and detail to your sound with Excite
Clarity	Dial in some Clarity using this bespoke EQ and saturation rack, based on classic tube EQs
HPF & LPF	Use these clean 2-pole filters to refine and clean your sound
Hall	Add ambience with our custom dark hall reverb
Glucose	Squash, squeeze and beef up your sound with Glucose

Please note: The above instruments require Ableton Live 9.7.7 / Reason 10.2 / Logic Pro X 10.4.4 or newer. These racks are compatible with Ableton Live Standard and Suite. Ableton FX Patches can be found in the "ableton fx patches folder". The above Instrument racks and projects can be found in the melodic one shot folders.
