

# Melodic Trap Aesthetics

## Ableton 9 Instrument Racks

Get straight to work with our Push-ready Instrument Racks and instantly create melodic and trap progressions in seconds. Packed with modern takes on classic FX, these racks allow you to switch between bass or melodic one shots on the fly and instantly tailor them to your production. Further details below.

### Editing Tools

- Sample Select** Switch between key mapped one shots on the fly, playable across the keyboard.
- Filter** A 12-db low pass filter run to soften and darken your sound.
- Intensity** Crank intensity and transform your sound. Add PRD circuit filter drive and a hint of frequency modulation (bass shots only).
- Pluck** Add some movement to your sound with some filter resonance and filter envelope. Use with the **Filter** for maximum effect.
- Slide** Add some portamento and pitch bend to your sound with Slide.
- ADS Controls** Take control of your transients with Attack, Decay and Sustain.

### Processing Tools

- Deepen** Add an extra dimension to your low end with Deepen.
- Excite** Add a touch of sparkle and detail to your sound with Excite.
- Clarity** Dial in some Clarity using this bespoke EQ and saturation rack, based on classic tube EQs.
- HPF & LPF** Use these clean 2-pole filters to refine and clean your sound.
- Hall** Add ambience with our custom dark hall reverb.
- Glucose** Squash, squeeze and beef up your sound with Glucose.
