

# Ambient & Organic Experiments

## Ableton 9 Instrument Rack

Load up our piano instrument rack and instantly create ambient and organic progressions. The racks are packed with our tailor made FX to instantly add ambience and vibe to any piano sample. Switch between piano chord shots on the fly and instantly tailor them to your production. Further details below.

### Editing Tools

- Sample Select** Switch between key mapped one shots on the fly, playable across the keyboard.
- Filter** A 12-db low pass filter run to soften and clean your sound.
- Intensity** Add drive, frequency modulation and pitch envelope to crank the intensity.
- Spread** Add width and thickness with a second voice, detuned against the first.
- ADSR Controls** Take control of your transients with Attack, Decay, Sustain and Release.

### Processing Tools

- Clarity** Boost lows and highs & carve the mids with our custom EQ and saturation rack.
- Lo-Fi** Add grime, hollowness, gravel and radio-like degradation to your sound.
- LPF** Use this clean 2-pole filter to refine and dampen your sound.
- Delay** Add some tripped out delay with our classic delay line.
- Space** Add ambience with our custom dark hall reverb.
- Ripple** Instant off-kilter delay with this techno-inspired delay line.
- Glucose** Squash, squeeze and beef up your sound with Glucose.
